my website was cancelled at **Lorna's** direction. The first time by Chamber of Commerce Jeff Simon and Nancy Smith. The second time by the Shawano Police Department. **Lorna** openly told people that if we find anything we do not like, we have to do everything possible to remove it, but that is not how she feels towards SIST and Dr. Roy. They don't take the same attitude towards SIST when they are doing the dirty, terrible things to hurt SIST's financial stability. SIST's tax values have increased drastically again to hurt them financially. But, it is nothing surprising as her ancestors killed six million Jews with no drop of compassion. If she gets her chance, she will carry on her ancestors' duty. Therefore, there is nothing unusual. It is obvious and clear that this is her attitude.

Here is Tim Ryan in the courtroom, and he is not a bit concerned about openly expressing his racial feelings towards Dr. Roy and SIST because the Shawano Leader and **Lorna Marquardt the mayor** stand behind him in full support.

Lorna Marquardt, Tim Schmid, Marlene Brath and the big boys of Shawano who support her, all need human rights education. They need world knowledge of tolerance to all human beings. They need to learn about equality, justice, and freedom from oppression. They need education on how human beings live peacefully with other human beings. They need geographic knowledge of the world. They need education in world culture, world community, and business understanding at this day and age that by hurting SIST you are hurting the economy of the City. Because of **Lorna Marquardt**, Tim Schmid, Marlene Brath, and her big boys, Shawano has become the black hole of the universe and cranked back to plantation days.

Shawano needs another mayor who is civilized, open-minded and cultured. Shawano needs a mayor with global knowledge and recognition of people from all parts of the world with respect. It is a shame that Shawano has become the black hole of the earth because of the mayor, **Lorna Marquardt**.

Individual businesses can pay their own taxes individually, but that is not the case with SIST. **Lorna**, the mayor, and Tim Schmid, the City attorney, instruct Marlene Brath that that is not the case for SIST. We have to make it harder as much as possible to make their lives miserable. We know if they pay the taxes individually, the taxes for some businesses they will be able to pay, but we have to make one kind of law for our own people and one kind of law for them knowing where they come from. SIST businesses have to pay everything one time and that is our decision. Everything they owe they must pay in order for businesses to have their individual licenses. But, when the tenants came to pay the taxes for their businesses, it was not a problem with **Lorna**, Tim Schmid, or Marlene Brath. But, always a problem with SIST.

Let's go back to the history of last year. What is the myth of last year's taxes? The general manager of SIST talked to Marlene Brath giving a business check for the amount of taxes owed. Marlene Brath asked to talk to the lender and broker. In good trust, the lender and broker's name was given to Marlene Brath and the check was accepted. It was assured by the lender and broker the check was going to be good because funds were going to be wired to the account. The story changed. Whatever information the lender and broker got talking to Marlene Brath, **Lorna Marquardt**, and Tim Schmid, the image was given that they were dealing with a cult, troublesome people and they should look up about the people online. The lender and broker's decision quickly changed. The day of funding was delayed until they did further investigation, further research. The decision was changed. Money was never funded and the check bounced twice.

The decision was not made to demand all cash just because the check bounced twice, but to make it as hard as possible to crush SIST's financial capabilities. And they did it, and later on, when another lender came to pay the taxes, they demanded the cash had to be brought in person to the City Hall. The lender personally went to see the mayor, Tim Schmid and Marlene Brath and they all discouraged him from lending the money to SIST. They spoke to the lender of terrible fabricated stories and told him to go look online about these people. The lender, who came personally to meet SIST people, felt strange that what kind of mayor this is, what kind of officials at this day and age want over \$200,000 in cash? Some lo-

cal bankers raised their eyebrows and rolled their eyes for such a discriminatory decision against somebody who they don't like. The criticism has been poured out about the mayor's demand for \$200,000 in cash. Some of the political people have raised questions of such a racial discriminatory decision by the mayor. It was clear that the mayor and her staff have a racial prejudice problem. Therefore, because of the severe criticism, the decision for this time is changed. Now SIST can pay taxes in cashier's check or wire. But last time, they were adamant. Nothing could change them. Their decision was made it had to be cash.

Here is Tim Ryan, reporter for the Shawano Leader, who won a first place award from the Suburban Newspapers of America for writing a series of articles against Dr. Roy and SIST. Ryan expresses himself his feelings toward Dr. Roy and SIST. We wonder what kind of organization is working under cover to give an award to such people who have the deepest hatred towards another human being and have been writing for the last 35 years nothing but negative articles and remarks. In conclusion, what are we going to say about his unbiased, justice-oriented, non-racially discriminatory, impartial, and tolerant articles!?! This fellow, whom you see in this picture, has been working under cover for 35 years and one day is caught. Tim Ryan's feelings are powerfully demonstrated and exhibited in his pose. Perhaps, one day, he will regret and wish he

never emerged from his hideaway.

Rod Christensen, the publisher, **Kent Tempus**, the editor, and **Tim Ryan**, the reporter, of the Shawano Leader is the team working in collaboration with **Lorna Marquardt**, the mayor, and her terrorist group to destroy SIST financial capabilities and to paralyze their property buying power. Some say in Lorna's campaign for mayor, she did swear to her kind of people that she would do everything in her power possible to destroy and remove SIST and its vital person, Dr. Roy. About 2½ years ago, **Lorna** with her group teamed up with Shawano Leader Christensen, Tempus, and Ryan and organized to hurt the financial capabilities of SIST by putting out every rumor and fabricated stories on SIST website, SIST business websites, and SIST Board of Directors, Dr. Roy's website, and Board of Directors individual names websites. One time, SIST used to have \$1.5 million in cash flow. **Lorna Marquardt** and Shawano Leader team efforts have parasited SIST financial capabilities. It is ongoing, it never stops. Does **Lorna**, the mayor or the Shawano Leader do like that to anybody else in town? Other businesses stole money and declared bankruptcy, businesses disappeared and leeches all the money from it. The newspaper has never covered the terrible things gone through by many men and business people. It's because they are their own people, but with SIST they must do it because Dr. Roy, a man from India, is not from the same race. If you go on the website, take a look at the fabricated and terrible things they put out to hurt SIST financially. Financial institutions become nervous when they see terrible things are there. **Lorna**, Tim Schmid, Marlene Brath, and the big boys in town, those who support **Lorna Marquardt**, all enjoy seeing SIST financially being crushed.

Lorna went wild when I wrote that monkey flyer, and her big boys went wild shouting, "This nonsense has to stop!" Twice

Tim Ryan finally lets you know where he stands. He and his paper, the Shawano Leader, are powered by **Lorna Marquardt the mayor**, and he has nothing to be afraid of.

Reply to Leader article of July 3, 2007,
entitled "Unpaid Tax Bills"

What is the truth behind SIST's taxes & bounced checks?

What is the Shawano Leader?

Who is Tim Ryan, the Leader's
reporter?

Here is **Lorna Marquardt, the mayor** of Shawano, the German Lutheran whose ancestors killed 6 million Jews. Lorna hates Dr. Roy, because he is from India, and his organization, SIST, owns a number of businesses in Shawano. Lorna is determined to destroy Dr. Roy and the SIST businesses. As a fact, one minister told me she threatens the other businesses and people who patronize SIST businesses. She uses Dark Age tactics to fulfill her wishes.
